

**FORM ADV PART 3**  
**CLIENT RELATIONSHIP SUMMARY**  
**February 15, 2026**

**Item 1: Introduction**

Ridgeline Wealth Planning LLC is a registered investment adviser registered with the Securities and Exchange Commission. Brokerage and investment advisory services and fees differ, and it is important that you understand the differences. This document gives you a summary of the types of services and fees we offer. Please visit [www.investor.gov/CRS](http://www.investor.gov/CRS) for free, simple tools to research firms and financial professionals, as well as educational materials about broker-dealers, investment advisers, and investing.

**Item 2: Relationships and Services**

What investment services and advice can you provide me? Our firm primarily offers the following investment advisory services to retail clients: portfolio management (we review your portfolio, investment strategy, and investments) and financial planning (we assess your financial situation and provide advice to meet your goals). As part of our standard services, we typically monitor client accounts on a quarterly basis. Our firm offers both discretionary advisory services (where our firm makes the decision regarding the purchase or sale of investments) as well as non-discretionary services (where the retail investor makes the ultimate decision). We limit the types of investments that are recommended since not every type of investment vehicle is needed to create an appropriate portfolio, but do not limit these investments to proprietary products. RWP has a soft minimum opening balance of \$250,000 for client relationships. Exceptions can be at RWP's discretion and on a case-by-case basis. Please also see our Form ADV Part 2A ("[Brochure](#)"), specifically Items 4 & 7. If the advisory service provided includes the use of a third-party assets manager, we will select a third-party adviser on your behalf.

Other Questions to ask us:

- *Given my financial situation, should I choose an investment advisory service? Why or why not?*
- *How will you choose investments to recommend to me?*
- *What is your relevant experience, including your licenses, education, and other qualifications?*
- *What do these qualifications mean?*

**Item 3: Fees, Costs, Conflicts, and Standard of Conduct**

What fees will I pay? Asset-based portfolio management fees will be invoiced and billed directly to the client's account with their designated custodian. Fees are paid on a quarterly basis in arrears. Financial planning fees are charged at a base quarterly fee and/or an hourly rate, both paid in arrears. Pension consulting fees are withdrawn from the client's account on a quarterly basis or may be invoiced and billed directly to the client on a quarterly basis in arrears. Additionally, the amount of assets in your account affects our advisory fee; the more assets you have in your advisory account, the more you will pay us and thus we have an incentive to increase those assets. For hourly fee arrangements, each additional hour (or portion thereof) we spend working for you would increase the advisory fee. Our fixed fee arrangements are based on the amount of work we expect to perform for you, so material changes in that amount of work will affect the advisory fee we quote you. You pay our fees even if you do not have any transactions and the advisory fee paid to us generally does not vary based on the type of investments selected. Please also see Items 4, 5, 6, 7 & 8 of our [Brochure](#).

Some investments (e.g., mutual funds, variable annuities, etc.) impose additional fees (e.g., transactional fees and product-level fees) that reduce the value of your investment over time. The same goes for any additional fees you pay to a custodian. Additionally, you will pay transaction fees, if applicable, when we buy or sell an investment for your account. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. Please also see our [Brochure](#) for additional details.

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have? When we act as your investment adviser, we must act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means:

- For AUM fees, the more assets you have in your advisory account, the more you will pay us and thus we have an incentive to increase those assets in order to increase our fee.
- For hourly fees, each additional hour we spend working for you would increase the advisory fee and thus we have an incentive for you to agree to have us complete more work for you.
- For fixed fees, the more work we expect to perform for you, the higher our fee will be and thus we have an incentive for you to agree to have us complete more work for you.

How do your financial professionals make money? Primarily, we receive cash compensation from the advisory services we provide to you because of the advisory fees we receive from you. This compensation may vary based on different factors, such as those listed above in this Item. Please also see Item 10 of our [Brochure](#) for additional details.

Other Questions to ask us:

- *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me? How might your conflicts of interest affect me, and how will you address them?*

#### **Item 4: Disciplinary History**

Do you or your financial professionals have legal or disciplinary history? No, we do not have legal or any disciplinary events. Visit <https://www.investor.gov/> for a free, simple search tool to research us and our financial professionals.

Other Questions to ask us:

- *As a financial professional, do you have any disciplinary history? For what type of conduct?*
